Subject: RE: Redwood City Salt works

Andree,

I can answer that question. As of yet we have no application for the proposed project at the Redwood City Salt Works, and we also do not have a formal jurisdictional request from Cargill. All that has been happening regarding this so far has been meetings and phone conferences. Katerina will contact you when she gets back in the office.

Hello Katerina,
Please keep me informed of any Corps activities related to the Redwood City Salt Works project. What is the current status of the Corps application?

Thanks and I look forward to working with you, Andree Greenberg

Hello Mark,

I will be handling the Redwood City Salt Works project for the Water Board. Please keep me informed of any permit, jurisdictional issues, interagency meetings, or anything else you think we would benefit from. What is the current status of the application?

Thank you and I look forward to working with you.
